

The purpose of this bulletin is to inform the reader of the 2025 Planning Fees in accordance with Fees Bylaw 987, 2016.

1. Fees are effective January 1st of each year.
2. Fees set out in this Schedule, excluding those for the Agricultural Land Reserve Application, Subdivision and Development Engineering Inspection Fees and Density Bonusing – Fire Facilities and Equipment Reserve, shall increase annually by 2% and be rounded up to the nearest ten dollars (\$10.00) unless otherwise identified.
3. Density Bonusing – Fire Facilities and Equipment Reserve shall increase annually by one dollar (\$1.00).
4. Refunds:
 - Subdivision and technical development permit application fees are non-refundable.
 - No fees will be refunded if any application has been submitted to Council.
 - For development Permits, development variance permits, temporary use permits, Official Community Plan applications, Zoning applications and Land Use Contracts, if an application is withdrawn prior to preparation of the staff report related to the application, 50% of the application fees will be refunded.
 - Board of Variance applications withdrawn prior to advertising and circulation to District staff are eligible for a \$200 refund.

Site Profile	\$150.00
Subdivision and Development Engineering Inspection Fees for works associated with Fee Simple Subdivision, Strata, Development, Off-site works	3.5% of the total cost of construction value (minimum \$500) determined as follows:
	1. Full cost of construction for "on-site" (new roads) and "off-site" (existing front roads), including clearing, grubbing, blasting, cuts and fills, gravel, compaction, pavement, concrete work, ditches, boulevard work if applicable, etc.
	2. All deep utilities such as storm draining works, sanitary sewer work, if applicable, and water and fire protection, if applicable.
	3. Costs of civil works only for shallow utilities such as installation costs of ducting for power, telephone and cable TV. The cost of private utility cable work, gas works, service lines etc. is not included in the construction cost.

	4. Consulting Engineering design fees are not included in the Subdivision and Development Engineering and Inspections Fee.
	5. The fee is calculated at 3.5% of the consulting engineer's sealed construction cost estimates. These figures may be adjusted up or down by the District, if in the District's opinion an adjustment is warranted. This may take the form of a 10% contingency added or deletion of certain items.
Subdivision Plan Approval (excluding common property)	\$630.00 + \$180.00 per lot/unit
