Date November 2, 2016

The following was approved by the Chief Administrative Officer (CAO) as an Administrative Policy on November 2, 2016.

Purpose

For safe, effective and consistent regulation of secondary access requests for residential, commercial and agricultural zoned properties in addition to Bylaw 628, 2007.

This is a guideline intended to address the type of road which additional accesses are permitted on.

Policy

Secondary residential access is restricted to local roads only, classified as roads designed to handle local vehicle traffic only and to provide direct access to adjoining lands. Secondary access to commercial and/or agricultural zoned parcels may be considered as long as they meet the current access bylaw and are approved by the District Engineer.
